

POORVESH MANISH UMAK

C I V I L E N G I N E E R

PROFILE

I'm a third-year Civil Engineering student with a strong interest in structural design, construction technology, and sustainable development. I enjoy working on practical problems, whether it's drafting in AutoCAD or analyzing load distribution in structures. I'm currently learning how to apply core engineering concepts in real-world scenarios and looking for opportunities to gain hands-on industry experience. Outside academics, I'm curious, self-driven, and always open to learning something new whether that's through teamwork, field work, or experimentation.

PROFESSIONAL EXPERIENCE

Site Supervisor

Rakshim builders PVT. LTD. Company | 2023 - Present

- supervision of civil construction works.
- material management
- human resource management
- Planning and Drafting (AutoCAD)
- Quality Control

SKILLS

- AutoCAD – 2D drafting for plans, elevations, and sections
- Structural Planning – Basic layout and space utilization concepts
- Design Understanding – Knowledge of RCC design, beam/slab detailing
- Site Planning – Exposure to real-world construction drawings and specifications
- Microsoft Excel – Basic calculations, formatting, and tabular data handling
- Estimation & Costing (Basic) – Understanding of BOQ and quantity takeoffs
- Engineering Drawing Interpretation – Able to read and draft technical drawings
- Surveying (Basic) – Knowledge of leveling, chain survey, and related instruments
- Communication – Clear technical reporting and presentation
- Team Collaboration – Able to work in academic and group project settings
- Problem Solving – Logical approach to civil design challenge

EDUCATION

SIPNA COLLEGE OF ENGINEERING AND TECHNOLOGY

Bachelor's Degree in Civil Engineering
2023-2027 (ongoing)

Maharishi Public School

Higher secondary school 12th (2022-2023)

Shashvat Concept School

Senior secondary school 12th (2020-2021)
